

Makarim & Taira S. Continues to Receive Recognition in the Legal 500 Asia-Pacific 2022 Rankings

To start this year with another recognition as a Top Tier Firm in [The Legal 500 \(Legalease\)](#) Asia-Pacific 2022 is an astonishing and humbling experience.

These recognitions do not come easy. Every year, the firm participates in comprehensive research conducted by global legal directories through which its work and lawyers are assessed and feedback on the quality of the services provided is gathered from clients and peers in the field. Therefore, they signify the firm's most recent performance, its most complex and innovative advice and demonstrate its teams' exceptional technical and in-depth abilities.

As flattering and motivating as they are, these rankings help us to stay alert and bring a sense of humility as we realize that each year, we still need to work just as hard to gain the trust and confidence of our clients and to deliver the best results possible. These rankings are also a reminder that to stay ahead, we need to keep raising the bar and not fall back into complacency. On that note, there is no other way but to keep moving forward through excellence.
