

The Drew Network Asia (DNA) Projects & Infrastructure Symposium

On Thursday, 4th of August 2022, our Partners, [Vincent Ariesta Lie](#), [maria sagrado](#), [Frederick Simandjuntak](#), and [Rahayu Ningsih Hoed](#) received the honor of participating as panelists in the Drew Network Asia (DNA) Projects & Infrastructure Symposium.

During the course of the event, they shared informative insights into topics related to opportunities and issues in the development of energy projects, recent real estate and infrastructure investments, the “bankability” of projects in the region, including the practical challenges for project companies and financiers, and the Jurong Aromatics case study, along with the lessons learned from their experience in the ASEAN region, specifically in Singapore, Indonesia, Malaysia and the Philippines.

The event was successfully held in the Sands Expo and Convention Centre in Marina Bay Sands, Singapore and was attended by more than a hundred participants.
