

WLG Summit Riga 2025

Our Partners, [Rahayu Ningsih Hoed](#), [Vincent Ariesta Lie](#) and [Stephanie Kandou](#) had the pleasure of attending the WLG Summit Riga 2025, held on 29–31 May.

The Summit brought together members of the [World Law Group](#) (WLG), a global network of leading independent law firms founded in 1988. Today, WLG consists of 61 member firms across more than 90 countries. Makarim & Taira S. is proud to be the sole Indonesian member of this organization.

This year's Summit was hosted by Sorainen in the beautiful city of Riga, Latvia, and featured a series of engaging sessions on global legal trends, leadership and cross-border collaboration. It was a rewarding opportunity for our team to reconnect with long-time colleagues and meet new members from around the world.

The WLG Summit is held in a different country every year and member firms take turns hosting it. Last year, we had the honor of welcoming the WLG community to Bali, Indonesia, as the host of the WLG Summit 2024—an experience we will always remember.

Thank you again to [Sorainen](#) for the generous hospitality and flawless organization. We are grateful to be part of a network that values not only legal excellence but also lasting professional relationships and shared growth.
