

M&T 43rd Anniversary

In celebrating our 43rd anniversary, our outing to Labuan Bajo was a memorable escape. For a few days, we had the opportunity to experience the breathtaking beauty, the soothing waters and the warm hospitality of the people of Labuan Bajo alongside our colleagues. Our long-standing tradition of an annual firm outing, allowing everyone to meet and connect in a relaxed social setting, is one of the key ingredients to our success and excellence as an organization.

Following our adventure in East Nusa Tenggara, we gathered for a special anniversary luncheon at our Jakarta office, extending the celebration and reliving the highlights of our trip.

We hope that this journey and celebration have recharged our team, ignited our spirits and strengthened the bonds within our M&T family.
