

M&T and ISDI Collaboration

To celebrate World Down's Syndrome Day 2020, M&T in collaboration with ISDI (Ikatan Sindroma Down Indonesia), engaged in various fun and educative activities with young Indonesian with Down's Syndrome. It was an amazing experience, to witness the creativity and determination that these special individuals have.

In the past year, Makarim & Taira S. has also provided young Indonesians with Down's Syndrome with working opportunities at the office. This is our way of proving that inclusiveness means appreciating the uniqueness that each person brings, no matter what.

Happy World Down's Syndrome Day!
