
Makarim & Taira S. Welcomes Its New Senior Associates

“Potential is not an endpoint but a capacity to grow and learn” – Eileen Kennedy.

As an organization, Makarim & Taira S. believes that it comprises talented and dedicated individuals, each with his/her own potential. We also believe that understanding how our lawyers and other team members are developing professionally and how they are contributing to the firm are keys to our sustainability and success. Through a comprehensive learning and people development program for its young lawyers and with the incredible commitment of the firm’s seasoned mentors, Makarim & Taira S. sees that everyone is given a chance to grow and perform at his/her best.

This month, we are very happy to announce the appointment of our new Senior Associates. Over the years, these individuals have shown not only the intelligence, but the integrity, resilience, and drive required to deliver the work and accomplish the goals. Therefore, we hope that the new role will open up a wider path for them to thrive and make a difference in the legal field.
