

Together We Share: A Visit to Panti Asuhan Abigail

The first day of September became even more special for the Makarim & Taira S. (M&T) family as we organized a visit to Panti Asuhan Abigail – an orphanage in Pamulang, South Tangerang, and a home to over 50 children. We started the day with fun games, a drawing competition with the younger kids and a cooking competition with the youth. Everyone was all smiles and in good spirits as we played under the sun with the kids, and feasted on the delicious dishes. We then invited a speaker from Lembaga Bantuan Hukum (LBH) Masyarakat to hold a short talk show about “Dangers of Drugs for Children and Adolescents”, followed by some song and dance performances from the Abigail children. The M&T family gifted them with food supplies, clothing, and books, and also presented the winners of the competitions with special prizes. It was truly a heartwarming experience to have visited these wonderful children.
