

## New Regulations and Policies Related to the COVID-19 Pandemic in Indonesia

With the number of cases continuing to increase exponentially on a daily basis, the Coronavirus Disease 2019 (“COVID-19”) has now been determined a global pandemic by the World Health Organization (WHO) and has affected at least 213 countries across the world. On 2 March 2020, the Indonesian President, Joko Widodo announced the country’s first confirmed case. Since then the spread of COVID-19 has affected Indonesia in many aspects including in the economic, health, employment and industrial sectors.

As an effort to manage and control the spread of COVID-19 in Indonesia, the government has issued various new policies and regulations, which among others, include the following:

### I. The Central Government
